

Sigma obtained resources from the successful reopening and placement of local notes

San Pedro Garza Garcia, N.L. Mexico, May 16, 2024 - Sigma Alimentos, S.A. de C.V. ("Sigma"), a company dedicated to the production, marketing, and distribution of quality branded foods, today announced that it obtained the resources from the successful reopening and placement in March 14 of local notes, or *Certificados Bursátiles*, totaling a nominal amount of MXN 7,141 million.

The issuance consisted in two tranches. The first tranche was executed with respect to the reopening of the issuance with ticker symbol SIGMA 24 for MXN 2,341 million, with an approximately 3.8-year term at a variable yield based on the Interbank Offering Rate in Mexico (*TIE 28*) plus 0.23%. The second tranche was composed of MXN 4,800 million with a 12-year term at a fixed interest rate of 10.40%, the only tranche in the Mexican corporate market at that term with a bullet amortization and a nominal rate.

In line with the previous issuance for MXN 10,000 million in March 2024, with these proceeds the company will refinance a portion of its outstanding debt, extending the maturity profile and diversifying its funding sources.

Both tranches have been rated at the highest possible local credit ratings, "AAA(mex)" by Fitch Ratings and "AAA.mx" by Moody's Local, each with a stable outlook.

This transaction was structured by Scotiabank, BBVA and HSBC.
